I can give it unequalled recommendation. 25c, 50c and \$1 at Penny's Drug Store."

## Resignation and Acceptance.

To the Honorable Board of Trustees, Stanford Graded School. Gentlemen: I hereby tender my resignation as superintendent of Stanford Graded Schools, and for the following reasons:

1. My services are in demand in other fields that afford me broader opportunities, both professionally and financially.

2. We can not possibly begin school here in September as was contemplated when I was elected, but will necessarily be delayed on account of the erection of the new school building until January or February next, thus throwing me out of my profession and into some other avocation for half a school year.

3. While I regret exceedingly to part company with these good people with whom I have lived and labored so pleasantly these four years and, while I am almost unable to get my own consent to resign my post of duty at this time, even, as it is, for a better position, yet I realize that we have now practically accomplished the results for which we have labored together so long and so faithfully, and for the accomplishment of which I have felt honor-bound and duty-bound to remain with you and to continue my work until success crowned our efforts, regardless of any and all inducements held out to me to go elsewhere. I would not have the board of trustees or the patrons of the school feel that I am now deserting them or the cause for which we have striven together, or that I am unwilling to make further sacrifice for the good of this district; for, really, I feel that no sacrifice in reason is too great for me to make for the 300 children whose interests I have had at heart so long; but as the school is now firmly established, I feel that I am justified in taking advantage of the better opportunities, which have been opened up to me elsewhere.

I would not have the board of trustees or the patrons of the school feel that I am now deserting them or the cause for which we have striven together, or that I am unwilling to make further sacrifice for the good of this district; for, really, I feel that no sacrifice in reason is too great for me to make for the 300 children whose interests I have had at heart so long; but as the school is now firmly established, I feel that I am justified in taking advantage of the better opportunities, which have been opened up to me elsewhere.

In view of all these facts, I most respectfully request the board to accept my resignation.

In conclusion, I desire to offer my sincere thanks:

1. To the members of the Board of Trustees, collectively and individually, for their many kindnesses and courtesies to me, and for the firm and unflinching support they have accorded me at all times.

2. To the patrons of the school and others who have given me their hearty co-operation and assistance in every effort to better the educational status of Stanford.

3. To the excellent corps of teachers who have labored with me so diligently and so earnestly for the upbuilding of the school, and who have so loyally and faithfully cooperated with me in the effort to put the school on a high plane of excellence.

4. To the boys and girls of the graded school, who have been the source of my inspiration to labor and to fight against every opposing force for their good and even to incur the enmity of some persons who were indisposed and unwilling to accord the rising generation the advantages of an education.

To those who have not given their support to this educational movement, but who have instead, fought every onward move, I have this to say:

Within a very few years, the good influences of this school upon the lives of the rising generation in your midst will prove to your entire satisfaction that you have acted unwisely, and as honest citizens, you will then join in the song of praise for the good the community is receiving from the little burden of taxation imposed upon it.

With sincerest hopes for a bright future for Stanford Graded School and with best wishes for the happiness and success of the boys and girls whom I have had the pleasure of instructing so long, and who have been so loyal and so kind to me.

I remain most sincerely,  
M. O. WINFREY.

Prof. M. O. Winfrey in a written communication tendered his resignation as principal. After discussion and upon motion regularly made, the resolution was accepted.

And thereupon it was moved and unanimously ordered that the following minutes be made and entered upon the minute book.

The trustees of the Stanford Graded School, in accepting the resignation of Prof. M. O. Winfrey as superintendent, desire to express the very sincere regret and unwillingness with which they do so, and to place upon record at the same time the deep sense of obligation they are under to him for the faithful, untiring and intelligent energy with which, during his four years' stay in this community, he has served and advanced the cause of education.

A very little trouble and expense will keep the flies and other insects off of your horses; it can be made for five cents per gallon and a little applied on a damp sponge in morning will keep them off all day. Mrs. Mary Boiling, the venerable mother of George Boiling, a leading merchant of Burnside, died after a brief illness. Her death was due to infirmities of old age.

No definite decision was reached at the conference at St. Louis in regard to the extension of the Southern railway to Danville. The officials of the road seem favorably disposed, but made no decisive promises. Another conference will be held later.

Louisville day at the Richmond Elks' Fair Saturday was marred by a heavy wind and rainstorm, which wrecked several of the tents at the fair grounds. About 600 Louisville excursionists attended and paraded the streets, headed by two bands and a drum corps. Richmond gave the visitors an enthusiastic welcome.

I remain most sincerely,  
M. O. WINFREY.

# THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

H. H. HENNINGER

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

ROBERT HARDING

of Danville, is a candidate for Circuit Judge, subject to the action of the Democratic party.

For Congress,

G. G. GILBERT

Of Shelby.

THE following is pretty straight talk but we know the gentleman who thus talks out in meeting well enough to feel absolutely certain that he means what he says: Those who hug the fond delusion to their little souls that the Democrat is going to be put out of business are gnawing a file. If the conspirators succeed in entirely wrecking the property, the editor intends that a democratic paper shall be run in Lexington, no matter what the cost. The only way the skulking cowards can get rid of us is to kill us and as two can play at that game, they will very likely be deterred from adopting that mode of procedure, unless by a shot in the dark or a stab in the back, as some of them are not above doing. Let it be understood, now and henceforth, that the Democrat is going to continue in one form or other and that the inevitable had just as well be accepted. A democratic newspaper is needed in Lexington and Lexington is going to have a democratic newspaper.

EDITOR ED WALTON wants to bet money that Saufley will knock the person for circuit judge. It will be remembered that Judge Saufley instructed the grand jury immediately after his former election to investigate the boys who had violated the election laws, and some of the judge's friends were suddenly taken "very nervous." A hint to the wise is sufficient and Ed had better keep his money in his pocket. If Harding should be elected, he sees, and if Saufley is elected he gets "vestigated."—Danville News. That's neither here nor there, Brer Lillard. Our money says that both Judge Saufley and Sam Owsley will succeed them selves and if you've got any to lose, we are your huckleberry. We needn't let the outside world know about our bet, so if fear of being indicted is all that keeps you from making a wager on your favorites we'll meet you at some secluded spot and arrange matters. So pat up or shut up.

REFEREE HELM, of Louisville, decided in favor of the Lexington Herald over the Democrat in the matter of the city's printing. It will be remembered that a bill was passed at the last Legislature taking the letting of printing out of the mayor's hands in towns of Lexington's class and putting it in the city clerk's. To offset this Mayor Duncan, of Lexington, awarded the printing for this year to the Herald several months before last year's contract expired and Mr. Helm upheld the act in his decision.

THE Texas democratic convention also made itself conspicuous for the failure to mention the Kansas City platform or Mr. Bryan, who during the high tide of his popularity ungraciously refused to kiss a pretty Texas girl who tried to Hobsonize him. She opened her arms and raised her ruby lips in an effort to secure a coveted osculatory favor and he turned from her. No wonder his name does not appear in the recent democratic platform of that State.

THE Johnstown mining horror has naturally set many persons asking about the Johnstown flood, which occurred May 31, 1889. In that flood 2,142 persons perished; 124 wives were made widows and 965 children rendered orphans and half orphans. The Johnstown relief fund aggregated \$2,912,346, of which \$2,592,036 was distributed to the sufferers in the Conemaugh Valley alone, the balance going to the relief of contingent districts.

THE Eminence Constitutionalist suggests that Tracy, the Oregon outlaw, is wasting a great deal of unnecessary energy. He ought to come to the 11th Kentucky Congressional district or go to Indiana, where gentlemen of his murderous tendencies are not only protected, but furnished with character and social standing.

THE Harrodsburg Democrat's souvenir edition is a thing of beauty and will prove a joy forever to Mercer county people who will preserve it for years to come and show it with pride to generations to come.

NINE-YEAR-OLD BESSIE SIMPSON started a fire with coal oil at Pineville. A large crowd attended her funeral.

Ex Congressman R. B. Hawley, Texas, paid \$100 for a special train, enabling him to keep luncheon engagement with President Roosevelt. That is paying considerable for an honor that a Negro had for nothing.—Lexington Democrat.

## THIS AND THAT.

W. C. Terhune of Harrodsburg, has bought 100 mule colts at prices ranging from \$40 to \$60.

Eating a gallon of ice cream caused Amos Bridgewater, of Louisville, to become violently insane.

The steamship Primus, of Hamburg, was cut in two by a tug on the river Elbe and about 50 persons were drowned.

In Breathitt county John Oaks mortally wounded Benton Blanton and killed Joseph Coltrin, an innocent bystander.

The sun's light is equal to 5,563 wax candles at one foot from the eye. It would take 800,000 full moons to equal cloudless sunshine.

A census bureau bulletin gives the total number of farms in the United States as 5,739,657, with total value of over \$20,000,000,000.

G. M. Patterson, L & N. agent at Lancaster, was arrested and was to have been tried yesterday afternoon for delivering a barrel of beer in violation of the Farris local option law.

J. C. Caldwell, Sr., sold to B. F. Sanders & Co. 150 export cattle at \$6.35. Charley Caldwell sold to the same parties at \$6.25. Shelby Tevis, of Shelby City, has lost 50 hogs by cholera in the last two months.—Advocate.

The waters of the Mississippi continue on a rampage. It is probable that the loss to farmers in Iowa, Missouri and Illinois will reach far into the millions before the waters subside. One town-ship in Green Bay county, Iowa, is under six or seven feet of water.

## POLITICAL.

John D. McIntyre, of Bath county, is a candidate for secretary of State.

The republican congressional committee of the Eighth district will meet in Nicholasville to-morrow.

Hon. Charles W. Nesbitt has withdrawn from the race for circuit judge, leaving Allie W. Young without opposition.

Dr. J. M. Fraze, of Mason county, has announced as a candidate for the democratic nomination for commissioner of agriculture.

Conventions were held by the democrats in the counties of the Tenth Congressional district Saturday. Congressman J. B. White leads in instructions in the counties reported. The district convention will be held at West Liberty, Thursday, 24th.

Chairman Griggs, of the democratic campaign committee, has obtained exporters' prices from five of the 200 exporting firms of the United States, showing that American wares are sold for less in European markets than at home. In many instances the article costs the consumer abroad less than half of what is asked from the domestic purchaser.

## MATRIMONIAL.

The rumored engagement of Alice Roosevelt to Lt. Clark, of New York, is denied.

Near Mayking Linton Roberts, aged 24, and Miss Maudie Hunsucker, 13, were married.

At Salem, O., Frederick Morrison shot himself to death while riding in a carriage with a woman, who had refused to marry him.

Edgar H. Albright, of the Mt. Vernon Signal, and Miss Lucy Brock were married at the home of the bride's father at London yesterday. We extend congratulations to the fortunate man who has won one of the very hand somest women in Kentucky.

Joseph Orkies and Miss Margaret Christiaca Simms, of Washington county, arrived at the Commercial Hotel, Harrodsburg, at about daybreak. A runner was dispatched to the residence of the Rev. W. M. Wood summoning him to the hotel parlors, where he united them in marriage.

## A CURE FOR SUMMER COMPLAINT.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of ye scribe. This is not intended as a free puff for the company, who do not advertise with us but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by Craig & Hocker, Druggists.

## LOCALS.

MR. PETER HAMPTON, who died yesterday, had \$2,000 life insurance in the Knights of Honor.

LOST—Black coat, sack. Tobacco, handkerchief and some letters in pocket. Notify Sam Bishop, Turnerville.

SEE our new \$27 range. Cheapest thing ever put on the market. Warmed closet; plenty hot water. Geo. H. Farries & Co.

OUR Crab Orchard and Hustonville Fair Daily is going to be a daley. If you have news to insert in it, send or bring it to this office.

THE annual reunion of the Peyton family will occur at Peyton's Well next Saturday when all of the Peyton kin are expected to be present.

KILLED.—Lapsley Howell, a youth of 17, was killed at Livingston while trying to get on a moving train. The wheels divided his body lengthwise.

SOLD—Miss Carrie Porter sold to A. T. and J. R. Nunnelley her residence on Lancaster street for \$900 cash. They will tear down the old structure in the Fall and construct a handsome residence on the present site.

FOUND DEAD—Alex Vardeman, colored, was found dead at his home near Hustonville yesterday morning. It is supposed that heart disease carried him off. Vardeman was about 40 years old and had been working for Mr. T. J. Robinson.

SOLD OUT—Mr. James Frye, one of Hustonville's oldest and best merchants, sold his store lock, stock and barrel yesterday to Messrs. A. & M. Seld, of Winchester, who will conduct the business at the old stand. We are sorry to lose such a good merchant as Mr. Frye, but are glad to welcome the above gentlemen who come highly recommended to our midst. Mr. Frye is undecided as to what he will do just now, but we hope he will not conclude to leave the county.

FINE RECORD.—Lincoln county is rapidly reducing its bonded indebtedness. On July 12 the fiscal court paid off \$7,000 worth of 6 per cent bonds, making a total of \$12,000 paid off in the last two years, an annual saving in interest of \$720. The court has on hand the funds with which to meet the issue of \$10,000 worth of 5 per cent bonds, which fall due in 1903. The last fund is loaned out at interest for the county's benefit. Judge Bailey, County Attorney Helm and the magistrates are certainly due much praise for the magnificent way in which they are managing the county's affairs.

DINNER ON THE GROUNDS!—The Crab Orchard Fair & Racing Association takes great pleasure in announcing to the public that it has secured the services of Mrs. S. D. Rothwell, of Dripping Springs, to prepare the dinner each day at the Fair. This assures the best and most delightful meal ever spread on such an occasion. Everything the market affords will be served. In fact she will serve a regular DRIPPING SPRINGS DINNER. The association has erected a handsome dining room, with seating capacity of 300 at one time. Mrs. Rothwell wishes to say that this will in no way interfere with the service of Dripping Springs; but it will be open for the accommodation of all and under her management during and after the Fair the same as heretofore.

THERE is hardly a person in this entire section, we suppose, who does not know that the Crab Orchard fair begins tomorrow, but perhaps there are a few who do not know what vast preparations have been made for that event. A magnificent amphitheatre 200 feet long has been built at a big outlay of money, a kite-shaped track, costing nearly \$1,000, has been gotten in the way of condition, a splendid program of show rings and races has been arranged for each day, good music has been provided, and last but by no means least ample room and the fat of the land has been prepared for all who come. Can you miss all of this? Certainly not; but you'll go the first day and keep on going until the meeting closes. It is a county enterprise—patronize it and at the same time spend a few days pleasantly at a small cost.

MISS GEORGIA LEWIS asks us to announce that she will teach a private school, beginning Sept. 1. Miss Lewis has recently taken a special course in Kindergarten and German and is thoroughly prepared to teach.

CUTTING.—George Baldock was brought here from Hustonville yesterday afternoon and placed in jail, charged with cutting Zan Hughes, also colored. The trouble came up over a debt. The wound is in Hughes' face and is an ugly one.

COLORED FAIR.—The Lincoln and Garrard County Fair Association is the name of the colored fair that will be held in the pretty woodland belonging to Mrs. Nora Murphy Goodnight on Aug. 28, 29 and 30. William Jones is president, W. H. Harris, secretary, and J. M. Broadus, assistant secretary. A great exhibition is promised.

GONE AFTER HIM.—Sheriff M. S. Baughman received a telegram Saturday evening stating that Chas. Stringer, indicted for attempting to rob the Lincoln County National Bank, was under arrest at Boise, Idaho, and that he would be held there until further orders. Mr. Baughman left at noon Sunday for him. It will take about 10 days to make the round-trip.

COLLIER.—The wife of Gen. Dan Collier died suddenly at Lancaster Sunday night, aged about 55. She was a daughter of Col. Hoskins, formerly of Boyle county, and was a most estimable and lovable woman. Besides the husband, who is almost prostrated with grief, three children are left to mourn the loss of an angel mother. They are Mesdames R. L. Elkin and J. E. Robinson and Mr. Will Collier.

APPLICATION has been made to the proper authority at Washington to extend the charter of the National Bank of Hustonville for 20 years longer, as the present one expires by limitation in March next. Mr. J. W. Hocker, the present cashier, has stood at his desk during all these years and watched and waited until now he has an institution of some magnitude, and one too which has had its share of success.—Dr. Ed Alcorn in Advocate.

SKULL CRUSHED.—While coming to Stanford Sunday night on a railroad velocipede, James Moore, Dr. Green and a Mr. McDonald, all of Junction City, were overtaken by the midnight passenger train near Hanging Fork bridge and knocked off the track. The back of Moore's head was crushed and he was otherwise hurt. Dr. Hugh Reid, of this place, was summoned and found Mr. Moore in a critical condition but thinks he will recover. Green and McDonald escaped injury.

GIVES UP THE GHOST.—Nobody seems to be able to head off the Walton's at Stanford. Several attempts have been made to run a paper in successful competition with the INTERIOR JOURNAL, but all have resulted in failure. The latest competitor to give up the ghost is the Lincoln Democrat. It was sold at public auction by the master commissioner to E. C. Walton, proprietor of the INTERIOR JOURNAL, for \$1,012.25. The sale was to satisfy a judgment in favor of the wife of T. M. Goodnight, a late partner in the publication of the paper.—Louisville Times.

THE attention of our readers is called to the advertisement of the two splendid farms to be sold at auction by George S. Shelby next Thursday, July 24, at 2:30 P.M. Both places will be sold on the smaller farm, known as Beech Point, near the Knob Lick bridge, two miles South of Shelby City, on the Hustonville pike. Prospective buyers are invited to look at both places when they desire and take dinner with me at the Tribble House, Junction City, on the day of sale. I will also sell at the same time 100 acres of growing corn and rent 100 acres of good grass for remainder of year. T. D. English will be auctioneer. The Beech Point farm contains 198 acres and the Hubble farm 336. Will also sell the toll-gate house of six rooms adjoining smaller farm. It has one acre of land. Remember both places will be sold at 2:30 Thursday afternoon next at the smaller farm. George S. Shelby.

The people of Vermont, a State that for over 50 years has had a prohibition liquor law will have an opportunity at the election to be held month after next to show where they stand as between prohibition and high license and local option. The feeling in favor of high license has been growing. The corrupt non-enforcement of prohibition in some localities and enforcement by harsh and oppressive methods in other localities have engendered much dislike of the law. The State will be shaken up as it has not been for years. Democratic and republican contests are too one sided to be interesting. In the struggle between prohibition and high license there will be an element of uncertainty which will give variety to the campaign. But the thought that a democrat may slip in between two republicans will fill with horror some vermonters who, at heart, favor high license. There has not been a democrat governor since a free soil democrat managed to get elected some years before the war.

THE SAME OLD STORY.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by Craig & Hocker, Drugists

REPULSIVE FEATURES.

## FOREIGN BANK METHODS.

### The Undeveloped System In Use In Continental Europe.

A bank check is looked upon with suspicion in Italy. Practically no small tradesman would take a check, and none of them keeps a bank account. It was still more surprising to me to find that such a statement would be almost literally true of Paris itself. I was studying the mechanism of the Bank of France under the guidance of one of the officers. We went into one great room in the old building in which there were 200 desks inclosed in wire cages, all empty at the moment. I asked what these were for.

"These cages are for our city collectors," I was told. "When a small merchant borrows from the Bank of France, he does not, as with you in America, borrow a bank credit and have his loan merely added to his balance on the books of the bank. With us the merchant, when he makes a loan, gets the actual money and takes it away. He probably has no bank account with us. He writes no checks. When the loan is due, he does not, as would be the case in your banks, come in and pay his indebtedness with a check; instead of that we send a collector to him, and that collector is repaid the loan in actual currency. Two hundred men start out from the Bank of France every morning to collect matured loans. Several days each month it is necessary to send out 400 men, and on the 1st and the 15th of each month 600 collectors go out."

These collectors were uniformed men, carrying leather pouches, in which they have the matured notes and which are later filled with currency as the collections are made from the bank's borrowers.

I stood at the paying teller's desk as I went farther along in my tour of the Bank of France. As I halted there the man who happened to be at the window at the moment presented a check for 50,000 francs. The money was counted out and handed over to him, stored away in a big wallet, and he passed on. I asked if it were not unusual for a man to draw out so much currency and was told that it was not. It was but another illustration of how undeveloped is the banking system of continental Europe in its uses by the general public.—Scribner's Magazine.

## FLOWER AND TREE.

Palms and ferns should never be allowed to stand in a draft.

When moss is seen on fruit trees, it may be taken as evidence of lack of thrif in the trees.

The ideal soil in which to set a plant is one that is moist, without being water soaked, neither too dry nor too wet.

Dust is a great enemy of window plants in connection with dry heat. Care must be taken to keep the air moist.

In India the tea plant is naturally a tree, but by means of pruning it is kept so small that it seems to be only a bush.

For setting in a dry soil the plant should be well rooted and stocky, as it must depend on the roots it already has to make a start.

Vines of all kinds flower and fruit freely only after they have reached the top of their support. When they have "arrived," they set about blooming.

Peonies should be planted in October. Once planted they should not be disturbed, but should be allowed to form strong clumps. Thus treated the flowers increase in size and beauty with each succeeding season.

The Lincoln Oil, Gas & Mineral Co. has about 3,000 acres of land leased in Lincoln county, Ky. The larger portion of this lease is contiguous to the M. S. Baughman farm—a portion in the neighborhood of Maywood and Sugar Grove sections and still another portion skirted Logan's Creek. "One of the surest indications of the probable value of undeveloped oil lands is the result of efforts at development by them until the entire amount so reserved has been sold, and when sold every dollar arising therefrom will be used in developing the company's holdings. No officer or director draws a salary from the company or will receive any compensation for his time and labor unless by good management the entire stock of the company is rendered valuable by reason of the untiring efforts of the officers and directors.
